Katarzyna Królikowska

Engineering Team Lead | Senior Lead IT Professional | DataOps & Cloud Solutions (Snowflake, AWS) @ Roche
Warsaw Metropolitan Area

Summary

Experienced IT Leader and Engineer with a strong background in data platforms, DataOps, and cloud technologies. Currently thriving as an Engineering Team Lead at Roche, combining technical expertise with a product-driven mindset to guide high-performing engineering teams. Throughout my career within the organization, I have successfully bridged the gap between business strategy and technical execution—acting as a Senior Lead IT Professional and Product Owner for critical data migration and dbt/DataOps initiatives, as well as developing robust database/cloud solutions (Snowflake, AWS, Oracle PL/SQL). I excel at defining product roadmaps, scaling reliable architectures, and mentoring engineers to deliver high-value business outcomes.

Experience

Roche

13 years 1 month

Engineering Team Lead

May 2026 - Present (1 month)

Warsaw

Leading and mentoring a team of software/data engineers to deliver scalable and reliable technical solutions. Aligning engineering practices with product roadmaps, fostering agile methodologies, and driving technical excellence across the platform.

Senior Lead Expert

April 2022 - April 2026 (4 years 1 month)

Warsaw

- * Defined and executed the product vision and roadmap for the DataOne platform.
- * Product Owner for dbt/migration and dataops@roche teams.
- * Translated business needs into user stories, epics, and acceptance criteria.

- * Owned and prioritized the product backlog to maximize business value and delivery efficiency.
- * Collaborated closely with engineering, data, and DevOps teams to support scalable solutions.
